

# Enterprise EDI on Cloud

Worlds Best EDI & Order Management Managed Service on the Cloud

## Are You Ready to Lower Your EDI Costs?

**Tgateway** is our enterprise product for companies that prefer to outsource their EDI operations so that they can focus on their core business activities.

## Stay True Blue with IBM

Tangentia has partnered with IBM to provide world-class EDI/B2B connectivity to clients using a SaaS model with a 100% cloud offering. The IBM components include

- ✓ Sterling Information Broker (IBM Sterling VAN)
- ✓ Tgateway Blue also bundles a SaaS offering of IBM Sterling B2B Integrator
- ✓ Tgateway Blue extended bundles a SaaS offering of IBM Sterling Distributed Order Management (DOM)

## 24/7 Support & Proven Reliability

Tangentia should be your 'go to' resource for any enterprise EDI, B2B, e-commerce and cloud infrastructure needs. The TCG solution delivery model is truly global with 24/7 support. It also offers value based pricing. TCG has 1000+ customers worldwide, including 10+ Fortune 500 customers proving it to be very scalable and robust.

# B2B / EDI / Order Management made Easy

## EDI / B2B Experts You Can Rely On

Develop a strategic business management plan to streamline and boost performance of your supply chain processes. Our seamless EDI/ B2B support for companies frees them from making capital expenditure in software. It also avoids obsolescence risk and the need to have internal EDI expertise providing world class SLA and 24/7 support.
