Scale faster with a cloud-based solution

Tangentia Gateway can help you to gain the most value from your EDI solutions through our scalable, end-to-end, integrated EDI solutions and our customized approach to problem solving which is backed by the deepest technical experience in the industry.

“With Tangentia, we know we can rely on them to build the EDI system we need in the future, one that’s built with integration in mind.”

Jean Phillippe Bergeron
President, OLA Bamboo

EDI GATEWAY

Keep your EDI processes compliant and accessible with enhanced integration with your favorite business applications.

E-INVOICING

Reduce costs and errors with a fully automated solution that improves every aspect of your invoicing processes.

OMS

Simplify the way your business approaches order management with centralized consolidation across multiple channels.

EZ-BOARDER

Minimize border delays with a solution that improves compliance, border document management & filing.

EDI / B2B experts you can rely on

Develop a strategic business management plan to streamline and boost performance of your supply chain processes. Our seamless EDI/ B2B support for companies frees them from making capital expenditure in software.

It also avoids obsolescence risk and the need to have internal EDI expertise providing world class SLA and 24/7 support.
