

# Historic Beer in Grocery Stores Project

LCBO | November 2015 - Ongoing

**Problem Statement:** Develop a **comprehensive order management solution** for beer and wine, for the province of Ontario **by Christmas 2015 within 6 weeks.**

**Tangentia's Solution:** Tangentia delivered the **Grocery Management System (GMS)** leveraging the **Tangentia Gateway** and **Tangentia Commerce solutions** in an agile manner and continues to manage the system to date.

**Our Impact:** In addition to meeting the demands of the people of Ontario to buy beer and wine outside of Govt owned grocery stores, the Government of Ontario **added significant tax revenue** via this **new channel** which is expected to be **\$1.8 Bn by 2025.**

**Highlights:** Tangentia has been awarded **IT vendor of the year twice in row.** For the last six years Tangentia has been in the **top quadrant in the Annual IT vendor ratings matrix.** Tangentia manages **upgrades, updates, and new development** on the GMS platform, ensuring **mission critical process run 24/7, 365 days a year.**
