

Agile Application Development

2017 - Present

Problem Statement: The Banks Digital Group was looking for a **Canadian Agile application development partner** for their mobile and loyalty programs.

Tangentia's Solution: Tangentia's Digital Practice provided mobile app and web development teams to assist the banks Digital app.

Our Impact: Facilitated multiple high profile releases of the banks mobile app and the revolutionary integration between **AVION Loyalty Rewards and Petro Canada Petro Points**.

Highlights: Engaged collaborative partnership with the Banks Digital Team.
